EDUCATION

LUDWIG-MAXIMILIANS-UNIVERSITÄT MÜNCHEN (LMU)

Bachelor of Science (B.Sc.)

Major in Statistics and Data Science; Minors in Computer Science

Cumulative GPA: 1.50 (3.5/4.0 American GPA)

Relevant Coursework: Generalized Regression; Linear Models; Introduction to Machine Learning; Calculus 1 & 2

Munich, Germany

Expected June 2023

Gymnasium Munich Moosach

GCE A-Levels / Abitur

Cumulative GPA: 2.0 (3.0/4.0 American GPA)

Exams: mathematics; English; economics; computer science; German

Founder and Head of the school chess club

Munich, Germany

- June 2020

WORK EXPERIENCE

TELEFÓNICA GERMANY

Data Science Working Student

Munich, Germany

Jun 2021 – Present

- Developed an application from scratch using Python and the Gitlab API, seamlessly enabling collaboration between teams for over 100 employees
Tools used: Python, Gitlab-API, Docker, Gitlab-CI/CD, Scheduler
- Retrained a machine learning model in Python for alarm generation on financially-relevant time series data, resulting in improved aggregation of alarm periods and a clear reduction of false alarms by 33%
Tools used: Python, SQL, Microsoft Azure Databricks
- Compiled a large, labeled dataset from various data sources using complex SQL queries, and subsequently implemented automated plausibility checks using cloud computing resources
Tools used: Python, SQL, Oracle/Apache Hive Database
- Conducted statistical analysis and tuned the parameters of the STL function for an alarm-generating machine learning model to better detect level shifts
Tools used: Python (statsmodels STL, scikit-learn)

AFTER-SCHOOL CARE (Gymnasium Munich Moosach)

Afternoon caregiver

Munich, Germany

Jun 2019 – Present

- Professional support for students in grades 5-8 in various subjects
- Management of a weekly chess program that allows students to learn and explore the game of chess

VOLUNTEERING & UNIVERSITY PROJECTS

CTIS MENTAL HEALTH PROJECT

Oct 2022 - Mar 2023

- Utilized the very large data set (66.000.000 data points) from the Global COVID-19 Trends and Impact Survey to examine the mental health in relation to variables such as age, education level, etc. during the COVID-19 pandemic in R
- Created an interactive R Shiny web app that allows users to view mental health levels over time on world maps or examine the impact of different covariables with more than 100 possible combinations of features
Tools used: R (Shiny), LRZ Linux Cluster (computational resources)

ESG DATA SCIENCE DAY - Munich Re

Oct 2022

- Explored the topics of Environmental, Social, and Governance (ESG) and data
- Presented a proposed insurance solution for wind turbine failure in Europe as part of a coding competition at Munich Reinsurance Company

PARTICIPATION IN THE “gemeinsam.Brücken.bauen” PROJECT

Sep 2021

- Supporting students in closing coronavirus-related learning gaps on behalf of the Bavarian state government
- Lessons in math at the Gymnasium München Moosach during the summer vacations

TUTOR

Jun 2018 – Aug 2021

- Lessons in math, physics and computer science for high school students which led to improved grades

ACTIVITIES

CHESS CLUB

Munich, Germany

Founder & Manager

Dez 2018 - Present

gym-muc-moosach.musin.de/faecher/schachklub

- Founded the school's own chess club and thus established another space for the intellectual development of the students
- Organized large chess tournaments with over 120 participants
- Won the 3rd place of the munich school chess-team championship 2019 in competition-class 2

STATISTICS STUDENT COUNCIL (LMU)

Munich, Germany

Financier & elected member

Oct 2020 - Present

fachschaft.statistik.uni-muenchen.de

- Leading financier of the statistics student council
- Managing and administering the finances of the student council and representing the interests of the students

CHESS COACH

Apr 2019 - Dez 2021

- Teaching chess to kids at my local chess club “Schachfreunde München”

ADDITIONAL

Technical Skills: Python, R, SQL, Java, Microsoft Office 365

Languages: German, English (B2+/C1)

Certifications & Training: Artificial Intelligence Foundations, Tableau Essential Training (2020.1) (LinkedIn)

Interests: Member of Mensa in Deutschland e.V. (Association for the highly gifted), Chess, Sailing, Swimming
